

Multi-Purpose Arena Coalition

Project: First Year Skating Program and Northern Lights Arena Learn to Skate Program.

Grant: \$15,000

This grant was awarded to help fund the First Year Skating program and Northern Lights Arena Learn to Skate Program. By funding these programs, it promotes youth participation in hockey, figure skating, speed skating and recreational skating. It gives the individual and families the opportunity to try out the sport at little or no cost. It usually serves 150-175 skaters each year.
